# Welcome

Cattlemen,

We invite you to join us for our 15th Annual Production Sale! We're excited to present this year's offering, which we believe is the best set of bulls we've raised to date. With many new sires to choose from, we're eager for you to evaluate them. We take great pride in only offering bulls that we believe will make a genetic impact on your herd.

What an exciting time to be in the cattle business! We've never seen this level of optimism before. With historic highs in feeder calf and live cattle prices, it's incredible to see so many smiles as people walk out of the sale barns. It's truly a fun and rewarding time to be part of this industry.

As always, we've gone the extra mile to provide as much information as possible about these bulls. All of them have been parent-verified, genomic-enhanced EPDs, carcass-ultrasounded, and have complete performance data available. Additionally, we've provided ratios for everything. Ratios are a valuable tool to evaluate how cattle compare within their contemporaries, though they aren't meant to be compared across herds.

Customer satisfaction is extremely important to us. We stand behind these bulls and want to ensure your investments are working for you. We understand that every operation has unique needs when selecting bulls, so please don't hesitate to call us to discuss the offering. I know this cow herd inside and out and can help you find the bull that's right for your program.

Sam, Emily, Nora, Brynn, Wyatt & Eden Twedt

We are passionate about raising Red Angus cattle and take our role seriously, knowing the decisions we make have an impact on your operation. Thank you for trusting us, and we look forward to continuing to earn that trust in the future.

Finally, we want to thank God for the opportunity to do what we love and enjoy His beautiful creation every day.

God bless, and we hope to see you on February 4th!

### VIEW CATALOG AND VIDEOS ONLINE:

[twedtredangus.com](http://twedtredangus.com) and [dvauction.com](http://dvauction.com)

### INSURANCE:

Dakota Ag Insurance will be available to assist you with mortality and infertility insurance.  
 Dakota Ag Insurance.....Office: (605-990-5355, Cell: (605) 999-4475

### FEEDING AND DELIVERY

Bulls are kept free of charge until April 1. Free delivery is offered in North Dakota or up to 500 miles on bulls (delivery beyond at cost). We will assist in any way possible to get your bull to you.

Bred and open heifers are buyer's responsibility to be picked up. We will assist you in any way we can to get the heifers to your place.

### VOLUME DISCOUNTS

Volume discounts apply only to bulls.  
 3% off on 3 Bulls  
 4% off on 4 Bulls  
 5% off on 5 Bulls or more  
 10% off on 10 bulls

### TERMS AND CONDITIONS

Terms of the sale are cash. Phone or mail bids are welcome and may be given to the auctioneer or any of the sale representatives. Live bidding will be available online at [www.dvauction.com](http://www.dvauction.com). Please review the below information and register early so you are approved as a bidder in plenty of time before the sale. Each animal will be sold to the highest bidder. Any bidding disputes will be settled by the auctioneer. Any person attending the sale does so at his/her own risk. Neither the owners, no any person connected with this sale assumes any liability, legal or otherwise. Cattle will sell according to the terms and conditions suggested by the Red Angus Association of America.

### HERD HEALTH

Town and Country Vet Clinic, New Rockford, ND.....701-947-2000

### GUARANTEE

All bulls in this sale are guaranteed to pass a breeding soundness and health examination. In the event that a bull does not pass or is injured while at Twedt Red Angus, a bull of equal value will be given or your money back. Once the bull leaves Twedt Red Angus, he is the buyer's responsibility. We encourage buyers to purchase morality and loss-of-use insurance.

### SEMEN INTEREST:

Twedt Red Angus will retain a one-third semen interest in all bulls sold.

### CATTLE VIEWING:

You are welcome to view the bulls and heifers prior to the sale at Twedt Red Angus Ranch.

All Twedt Red Angus bulls and heifers will be available for viewing at the sale location and sorted into pens for viewing on the day of the sale.

### VIEW AND BID ONLINE:

Live bidding will be available online at [www.dvauction.com](http://www.dvauction.com). Please review the information on the **inside front cover** and **register early so you are approved as a bidder in plenty of time before the sale.**

Jumpstart originally sold for \$185,000 to Select sires and few other progressive breeders. We had the opportunity to purchase part semen interest after the sale. Jumpstart was one of the most impressive yearlings I had seen. He is exceeding our expectations with this first set of sons. His calves are low birth with an incredible amount of growth. If you want to add pounds to your next calf crop, take a look at the his sons. His calves also have excellent dispositions. We plan to continue to use Jumpstart heavily in our program going forward.

Ranch Hand was one our top sellers in 2023 to Cutting Edge Ranch and now currently owned by Niobrara Red Angus. He is siring moderate framed, perfect footed and easy fleshing cattle. We love the maternal side of this pedigree and think that will be his strong suit and will continue using him heavily in our program. He ranks in the top 1% HB and 1% ProS.

Blue Print was purchased in 2021 from Rhodes Red Angus for \$55,000 with Cutting Edge Ranch and Nordlund Stock Farm. Blue Print is a super easy fleshing, calving ease bull that is siring some very good females. We calved his first set of females last spring and they exceeded our expectations. He is now leased at Genex.

## Maternal Influence and Foundation...

*At Twedt Red Angus, we believe that as seedstock producers, our cow herd needs to be held to a higher standard. The females we are keeping and selecting for greatly affects our and your future. We are putting tremendous amount of effort into developing a cow herd that is very maternally focused. Cows are culled extensively for fertility, mothering ability, disposition, feet, legs, udders and production. By doing this, it is our goal that we can build a cow herd that can supply genetics to you that will help you become more sustainable and more profitable.*

*The cows on the right are the cows that we are flushing in order offer more of their genetics to you. These cows are proven producers and proven to work in our program before being flushed. It leaves a lot of the guess work out of the equation.*

What a way to start a sale—with six of the most powerful flush brothers we've raised to date. These full brothers epitomize the type of cattle we strive to produce. Each one is unique in his own way, but as a group, they're tough to beat. The brothers are impressive, and when you add their sisters, it gets even more exciting. Stra Flo Marie 4100, a full sister to these brothers, was the second high-selling open heifer at the North Dakota State Red Select Sale in December, bringing \$25,000 from Justin Morris of Georgia. Their dam, 7185, is one of the most stunning cows you'll see—she's deep-bodied, has a great disposition, a perfect udder, sound feet, and is just flat-out beautiful. She's a must-see. Adding even more to their appeal, they're sired by the \$185,000 Bieber Jumpstart, who is doing an outstanding job for us. The lead-off brother, 4066, has been a standout since he was a calf. It's rare to find a Red Angus bull with as much rear quarter and rib depth as this one. You can't ask much more from a bull than what this calf has delivered. He's a true curve bender, going from an 82-pound birth weight to an 886-pound weaning weight, with a -4.6 BW, 144 YW, and a CED of 16. We're extremely excited about this true herd bull prospect.

4055 is the next brother, and you won't find a bull with a bigger top than this guy. If you're looking for one that's square, stands on all four corners, and has a ton of base width, this is the one. He's a fun bull to evaluate from behind and has an excellent disposition as well. Another big-time performance bull, he weaned off at 859 pounds and ranks in the top 5% for ProS, top 20% for HB, and top 7% for GM. It's hard to pick a favorite among these brothers, but this one just might be it.

Bieber Jumpstart J137, Sire

STRA Flo Marie 4100, Full Sister to Lots 1 and 2

4012 is the powerhouse bull of the brothers. He has the most frame and is the longest-bodied of the group. Despite his larger frame and extended length, he moves with exceptional freedom and glides effortlessly across the pen. He also has that undeniable herd bull look and stands out wherever he is. Another impressive curve bender, he weaned off at nearly 850 pounds.

4048 is an absolute powerhouse of a Jumpstart son who puts it all together. He's been a standout all year and is out of a stunning first-calf Driven daughter who traces back to the great Laura 158W. At weaning, he was nearly as big as his dam, earning the title of the number one weaning weight bull among the natural calves. He weaned off at 867 pounds with a 121 ratio, despite being born at just 79 pounds. He ranks in the top 1% for weaning weight EPD, top 1% for YW, top 1% for ProS, top 6% for HB, and top 7% for GM. This is a big-time herd bull prospect.

Bieber Jumpstart J137, Sire

Bieber Laura 158W

**Lot 8**

**STRA Sargent**

4029 is the first Ranch Hand son to sell, and he's a standout. He's super correct, perfectly footed, moderate framed, and dark cherry red. The demand for Ranch Hand genetics has never been higher—his semen created a stir when it sold for \$2,600 for 5 units. With no Ranch Hand semen currently on the market, this is your chance to own one of the first sons to sell. 4029's dam, 2060, is a full sibling to STRA Sargent, who sold to Select Sires in 2023. This bull combines genetics from Driven, Laura, Drifter, General, and Tina into one impressive package. At 63 pounds at birth and just under 800 pounds at weaning, he boasts a remarkable spread with a -4.7 BW to 124 YW. He's a true calving ease herd bull prospect.

4005 is out of a cow we purchased from the Turkey Creek Red Angus dispersion. Turkey Creek was a small herd in central Nebraska, built on many of the same principles we use to build our own cow herd, so we knew these cows would fit in well here. We purchased seven head from the dispersion, and they have not disappointed. His dam, 1906, was the high-selling cow from the sale—a powerhouse with a perfect foot. This Night Calver son is flat-out impressive. He's super correct, level-topped, up-headed, and sure to catch your eye the moment you walk into the pen.

**Lot 11**

4113 is sired by our senior herd sire, Driven C540. Without a doubt, Driven has been the most influential sire in our program. His daughters are among the best cows on the ranch today, raising many top-selling bulls such as Ranch Hand and Admiral. At nearly 10 years old this spring, Driven is still going strong here on the ranch. If you don't already own a Driven son, now is the time—and 4113 is an excellent choice. His dam is a maternal sister to Relentless, with a perfect udder and excellent feet. He weighed 84 pounds at birth and weaned off just under 800 pounds, rationing 110.

4096 is the first of four outstanding brothers out of 54B and Bieber Hughes. We took a step back and evaluated our cow herd to find a sire that stands the test of time in fertility and longevity, and Hughes daughters are doing just that. With many daughters still in the herd raising big calves at 10, 11, and 12 years old, we knew we wanted to use Hughes again to create more daughters. We flushed 54B to Hughes and ended up with four bulls. When you hope for daughters, you get bulls! If you're keeping replacements, don't miss out on one of these Hughes sons—you won't regret it.

4062 is another Captain 2290 son, but he's built a bit differently than the previous bull. He's moderate-framed, heavily muscled, and has a small calving-ease head. His dam, a cow we purchased from Niobrara, is doing an excellent job for us. She delivered with a 68-pound BW and a 756-pound weaning weight—this cow did her job. He's suitable for heifers.

4111 is the first Relentless son to sell. Relentless sons continue to top sales across the country, and this bull is no exception. He's dark cherry red, big-middled, and has an eye-catching look. Relentless daughters are highly productive cows that consistently rise to the top of our program. This is an excellent son with tremendous potential.

**Lot 24**

4034 is another outstanding Ranch Hand son. He's moderate-framed, heavily muscled, and stands on excellent feet. His dam is a beautiful Laura 158W daughter who did an exceptional job in her first year. With a CED of 18 and a BW EPD of -6.2, this bull is an excellent heifer bull prospect. Don't miss out on these Ranch Hand sons.

4001 is another outstanding bull from one of the Turkey Creek cows we purchased in Nebraska. These cows have adapted well to the north and are doing an excellent job. Known as "Prince" by the kids, 4001 is a pen favorite. He was shown in 4-H at the county fair, where he won Grand Champion. Friendly as a teddy bear—but a massive one—this bull started small and never slowed down. He ranks in the top 9% for HB and the top 6% for ProS.

4204 is the first of the half-blood bulls to sell, sired by Jumpstart and out of CDI MS Beef King 11Z. We purchased 11Z, a purebred Simmental cow from Lazy C Diamond Simmentals with Logan Harding, to bring you these half-blood bulls. As one of the top donors in their program, 11Z has knocked it out of the park with this son. This is exactly the type of bull we hoped to produce—dark cherry red, super thick, with a big hindquarter and excellent feet. This bull has tremendous potential, and we're excited to see where he ends up. He's the real deal and a true herd bull prospect.

3177 is the first of the two-year-old bulls, and he's an impressive one. You can't make them any thicker or sogger than this guy. Drifter set the world on fire last year with his sons selling across the country, and this bull is part of one of the last groups to sell due to limited semen availability. His dam is a direct daughter of the great Laura 158W and Seneca. The Seneca x Laura daughters continue to rise to the top, with full sisters producing bulls as Lots 14 and 15. A full sister in blood to this bull sold in the North Dakota State Red Angus Sale for \$30,000 to Berwald Red Angus and Herndon Farms. This mating works, and this bull undoubtedly has herd bull potential.

3043 is a tank of a Blueprint son, with heavy muscle and exceptional capacity. He lost his dam last summer, which set him back, so we kept him over as a two-year-old—and he's grown up beautifully. His dam was a stunning Relentless daughter. This bull is suitable for heifers.

**Bieber Driven C540**

Rainbow 417C has been one of the most influential cows in our program. We purchased her from the U2 dispersion a few years ago, and she has exceeded all expectations. She's an absolutely beautiful cow with plenty of bone, perfect feet, and an ideal udder. Rainbow 417C consistently puts incredible body and mass into her calves. With so many of her daughters now in our herd, we've decided to offer you a chance to own part of her. She's the kind of cow you could build an entire program around—she's that good. We'd love for you to tour the ranch and see her daughters in production, as well as those in the replacement pen. Opportunities like this are rare, and letting go of one of the great ones wasn't an easy decision. She conventionally flushes very well, averaging 12–13 embryos per flush. She sells bred to Bieber Jumpstart for a February 15th calf. We are offering 50% interest in her, with possession negotiable.

3121 is another outstanding Blueprint daughter who traces back to the legendary 158W donor. This heifer is an absolute tank. We couldn't be happier with our Blueprint daughters—they're good-footed, well-uddered, and know how to raise calves. She sells AI-bred to the \$100,000 Pie Cadillac, a sire we partnered on with Select Sires and Feddes Red Angus. Look for his sons in the 2026 sale. She's due 2/24/25.

## 97 130 HEAD OF COMMERCIAL BRED HEIFERS

Once again, my dad, Gerald Twedt will be consigning his entire replacement pen to our production sale. These are 100% home-raised heifers and have been culled thoroughly to bring you the very best set of females. These heifers are all Red Angus-sired and are the product of 40 years of genetic selection. These heifers are sired by some of the best bulls we have raised at Twedt Red Angus. The bulls were sired by proven calving ease bulls such as Blue Print, Relentless and Seneca. You will put on a lot of miles trying to find as good of a group of heifers as these ones. These heifers are all solid red. We are selling them in 4 groups sorted into calving windows. Buyer must take a minimum of 5 head and top bidder will have a choice of which group they would like. A supplement sheet will be provided sale day with exact numbers in each group.

Feel free to call for more information and a complete health record. 701-388-4035

- A:** 80 HEAD OF RED HEIFERS DUE TO CALVE MARCH 1ST – MARCH 15TH.
- B:** 20 HEAD OF RED HEIFERS DUE TO CALVE MARCH 15TH – MARCH 30TH.
- C:** 20 HEAD OF RED HEIFERS DUE TO CALVE IN APRIL.
- D:** 10 HEAD OF RED HEIFERS DUE TO CALVE IN MAY.

ALL REGISTERED AND COMMERCIAL BRED HEIFERS WILL BE PENNED THE DAY OF THE SALE AT THE HOOP BARN. A HALF MILE NORTH AND HALF MILE WEST OF THE MAIN RANCH.

***We were privileged to host Juan Pablo and Pablo Barreto of Select Sires Uruguay along with 30 plus other Uruguayans this summer.***
