RED ANGUS

*Annual
Production Sale* *Tuesday,*

February 3, 2026

1 p.m. CST • At the Ranch • McHenry, ND

9 mi. N. of McHenry, 2 mi. E. & 1/2 mi. N.

Welcome

Cattlemen,

We would like to invite you to our 16th Annual Production sale. We are excited to show you our offering this year as we feel this is the best set of bulls we have raised to date. We have many new sires to choose from this year and are excited for you to evaluate them. We pride ourselves in only putting bulls in the sale that we feel will have a genetic impact on your herd.

What an exciting time to be in the cattle business with record prices being broke almost weekly. Never before have we seen the demand and optimism like we do right now. Now is the time to invest in quality genetics to set your herd up for the future.

Once again, we have gone the extra mile to provide you with as much information on these bulls as we possibly can. All of the bulls have been parent verified, genomic-enhanced EPDs, carcass ultra-sounded and have all the performance data available. We also provide ratios on everything. Ratios are important tools to use in determining how the cattle stacked up against their contemporaries but are not compared herd to herd.

Customer satisfaction is very important to us. We want to make sure these bulls are working for you. We stand behind these bulls and want to make sure your investments are paying off. We also understand that not everyone's needs are the same when selecting bulls so please call us to visit about the offering. I know this cow herd inside and out and will be able to help you find a bull that will fit your needs. We have a passion for raising Red Angus cattle. With that being said, we take it very seriously knowing that the decisions we make ultimately affect your programs as well. Thank you for trusting us and we hope you continue to trust us in the future.

Lastly, we would like to thank God for giving us the opportunity to do what we love and enjoy His beautiful creation. God bless and hope to see you February 3rd!

INSURANCE:

Martin-Trudeau Insurance will be available to assist you with mortality and infertility insurance.

Christopher Nelson Office: (605) 996-3106, Cell: (605) 656-6345

FEEDING AND DELIVERY

Bulls are kept free of charge until April 1. Free delivery is offered in North Dakota or up to 500 miles on bulls (delivery beyond at cost). We will assist in any way possible to get your bull to you.

Bred and open heifers are buyer's responsibility to be picked up. We will assist you in any way we can to get the heifers to your place.

VOLUME DISCOUNTS

Volume discounts apply only to bulls.

- 3% off on 3 Bulls
- 4% off on 4 Bulls
- 5% off on 5 Bulls or more
- 10% off on 10 bulls

TERMS AND CONDITIONS

Terms of the sale are cash. Phone or mail bids are welcome and may be given to the auctioneer or any of the sale representatives. Live bidding will be available online at www.dvauction.com. Please review the below information and register early so you are approved as a bidder in plenty of time before the sale. Each animal will be sold to the highest bidder. Any bidding disputes will be settled by the auctioneer. Any person attending the sale does so at his/her own risk. Neither the owners, no any person connected with this sale assumes any liability, legal or otherwise. Cattle will sell according to the terms and conditions suggested by the Red Angus Association of America.

HERD HEALTH

Zieman Veterinary Services, Dr. Nate Zieman (701) 351-5554

GUARANTEE

All bulls in this sale are guaranteed to pass a breeding soundness and health examination. In the event that a bull does not pass or is injured while at Twedt Red Angus, a bull of equal value will be given or your money back. Once the bull leaves Twedt Red Angus, he is the buyer's responsibility. We encourage buyers to purchase morality and loss-of-use insurance.

SEMEN INTEREST:

Twedt Red Angus will retain a one-third semen interest in all bulls sold.

CATTLE VIEWING:

You are welcome to view the bulls and heifers prior to the sale at Twedt Red Angus Ranch.

All Twedt Red Angus bulls and heifers will be available for viewing at the sale location and sorted into pens for viewing on the day of the sale.

VIEW AND BID ONLINE:

Live bidding will be available online at www.dvauction.com. Please review the information on the **inside front cover** and **register early so you are approved as a bidder in plenty of time before the sale.**

We are proud to say we raised STRA Ranch Hand 2010. He is truly one of the most impactful sires in the breed in the last decade. He continues to impress us more and more as he gets older. Ranch Hand was one of our top sellers in 2023 to Cutting Edge Ranch and now currently owned by Niobrara Red Angus. He is siring moderate framed, perfect footed and easy fleshing cattle. We love the maternal side of this pedigree and think that will be his strong suit and will continue using him heavily in our program. He ranks in the top 1% HB and 1% ProS.

We are also proud to say we raised STRA Relentless. Relentless has been one of the top calving ease, maternal sires we have used. He sold in our 2019 sale to ST Genetics. His daughters are known worldwide for being moderate framed, easy fleshing, good uddered and excellent mothers. The daughters in our program continue to rise to the top. Relentless is a maternal-oriented, calving ease bull.

Jumpstart originally sold for \$185,000 to Select sires and few other progressive breeders. We had the opportunity to purchase part semen interest after the sale. Jumpstart was one of the most impressive yearlings I had seen. He is exceeding our expectations with his calving ease and growth. If you want to add pounds to your next calf crop, take a look at the Jumpstart sons. His calves also have excellent dispositions. We plan to continue to use Jumpstart heavily in our program.

This is the first year of Cadillac sons and boy does he have us excited. The calves came easy and had an excellent amount of growth. We purchased Cadillac from Pieper Red Angus for \$100,000 along with Select Sires and Feddes Red Angus. Cadillac has been an excellent out-cross sire to our program and we are excited for the impact he will have.

Drifter genetics continue to impress us and have a huge impact on our program. Calving ease, easy fleshing, extremely good footed and moderate framed. Semen is about gone on Drifter, but he is surely going to leave a mark on our cow herd. Drifter daughters are rising to the top of the program. He sired many high selling sons such as Ranch Hand 2010 to Cutting Edge Ranch and Niobrara Red Angus, Security 3013 to Bieber Red Angus, and Drifter 3014 to Hansine Ranch.

Pie Quarterback 789 is one of the most popular bulls in the breed over the last decade. Stamping his cattle with calving ease and growth. His daughters are turning in to beautiful, productive cows.

Maternal Influence and Foundation...

At Twedt Red Angus, we believe that as seedstock producers, our cow herd needs to be held to a higher standard. The females we are keeping and selecting for greatly affects our and your future. We are putting tremendous amount of effort into developing a cow herd that is very maternally focused. Cows are culled extensively for fertility, mothering ability, disposition, feet, legs, udders and production. By doing this, it is our goal that we can build a cow herd that can supply genetics to you that will help you become more sustainable and more profitable.

The cows on the right are the cows that we are flushing to in order to offer more of their genetics to you. These cows are proven producers and proven to work in our program before being flushed. It leaves a lot of the guess work out of the equation.

What a way to kick off the 2026 production sale. STRA Foreman 5053 is impressive in every way, shape and form. Elite power, length of body and muscle shape but does so in a flawless phenotype package. He combines one of the hottest sires in the breed, STRA Ranch Hand 2010 and one of the greatest cows to walk here at Twedt Red Angus, STRA Tina 662. Combining these two has created what we feel is one of the best bulls to walk here at Twedt Red Angus and arguably the best pair of brothers to ever walk here. By combining Tina to Ranch Hand she took and powered him up and stretched him out without losing that sexy phenotype that Ranch Hand stamps his progeny with. Tina has sold over 10 sons through our sale to some of the top breeders in the country with her most notable son, STRA Sargent 2019, selling to Select Sires. Tina now has over \$200,000 in sold progeny. She continues to be the lead donor. Do not miss this opportunity one of the most exciting sires to sell in 2026.

STRA Herdsman 5011 is a full brother to Foreman. He is the more calving ease version of his powerful brother, Foreman. Herdsman, no doubt will be one of the top calving ease herd bull prospects to sell anywhere this year. Herdsman is perfect in his lines, is very structurally correct and flawless in his phenotype. He is very hard to fault in any way. His disposition is quiet and easy going. Every great sire creates a son that goes on to be better than their old man. We feel that these two full brothers have the ability to do that. We plan to move forward heavily with both of them in our program. If you want to advance your program, get on board with one of these two full brothers because they will surely push the pendulum in the right direction.

5018 is one of the most powerful Drifter sons to go through this sale. 5018 is tough to miss in the pen – super stout, long made, soggy and soft in his design. He is backed by the great Tina 662 donor who continually does not miss. The Drifter sons have left their mark on this breed and now their daughters will to. Lots 5, 11 and 12 are all sired by Drifter daughters. They are moderate framed, good mothers, and fertile. These will be some of the last Drifter sons we sell, and they don't get much better than this pair of full brothers.

5009 is another outstanding Drifter son out of Tina 662. 5009 is super long bodied, dark cherry red. He is a sire that is going to leave long lasting females in your program and not give up any performance. He weaned off at 836 pounds. Don't pass up the opportunity on these Drifter sons. We sold a full sibling heifer calf to these brothers in the North Dakota State Red Angus sale in December for \$21,000 to Hansine Ranch. Tina just doesn't miss.

STRA Sargent 2019, Maternal Brother

STRA Tina 5008, Full Sister

Lot 5

5068 is the first of the Pie Cadillac sons to sell anywhere in the country. This moderate framed heavy muscled, brickhouse of a Cadillac son puts it all together. He is a true curve bender – from 65 pounds at birth to 844 pounds at weaning ratioing 115. He is the number 2 weaning weight bull among all natural calves. These Drifter daughters flat out get the job done. She is a beautiful, dark cherry red cow with a perfect udder that traces back to the great Laura 158w donor. Balanced in all his EPDs, ranking in the top 20% in 12 traits. Very good calving ease herd bull prospect.

4165 is our only Berwald Successor son in the sale. We bought Successor with high hopes to being one of our top herd bulls, but we lost him in the middle of last years breeding season. Combining the 0018 and Laura 158W will undoubtedly bring you an awesome set of females. This bull is stacked genetically.

5109 is the only Hughes son in the sale. He's larger framed, athletic and backed by the Tina 662 donor. The full sister to this bull is no doubt the best heifer in the replacement pen. She is very impressive. We continue to use Hughes for the maternal influence and longevity that he puts in his offspring.

4119 is a moderate framed heifer out of a direct Seneca daughter of 158w. She sells bull bred to WSM Identity. Due 3-28-26.

103 105 HEAD OF COMMERCIAL BRED HEIFERS

Once again, my dad, Gerald Twedt will be consigning his entire replacement pen to our production sale. These are 100% home-raised heifers and have been culled thoroughly to bring you the very best set of females. These heifers are all Red Angus-sired and are the product of 40 years of genetic selection. These heifers are sired by some of the best bulls we have raised at Twedt Red Angus. The bulls were sired by proven calving ease bulls such as Blue Print, Relentless and Seneca. You will put on a lot of miles trying to find as good of a group of heifers as these ones. These heifers are all solid red. We are selling them in 4 groups sorted into calving windows. Buyer must take a minimum of 5 head and top bidder will have a choice of which group they would like. A supplement sheet will be provided sale day with exact numbers in each group.

Feel free to call for more information and a complete health record. 701-388-4035

NUMBER OF HEAD IS NOT EXACT. UPDATED NUMBERS AVAILABLE SALE DAY.

- A:** 50 HEAD OF RED HEIFERS DUE TO CALVE MARCH 1ST – MARCH 15TH.
- B:** 30 HEAD OF RED HEIFERS DUE TO CALVE MARCH 15TH – MARCH 30TH.
- C:** 15 HEAD OF RED HEIFERS DUE TO CALVE IN APRIL.
- D:** 10 HEAD OF RED HEIFERS DUE TO CALVE IN MAY.

ALL REGISTERED AND COMMERCIAL BRED HEIFERS WILL BE PENNED THE DAY OF THE SALE AT THE HOOP BARN. A HALF MILE NORTH AND HALF MILE WEST OF THE MAIN RANCH.
